Customer Reviews

These 24 old-fashioned Santa Claus cards come in a glossy, colorful 11 x 8-1/4" book. There are 4 cards per page. They are easy to remove, with instructions in the front of book. The book includes a history of the postcard with fascinating facts. The cards are fairly small, about 4 x 5-1/2", which is an advantage if you don't want to write a long letter. I sometimes like to send these cards in a larger envelope with a separate letter, especially if mailing overseas. Various artists are represented in this collection. I wrote down the names of my favorites and plan to look for more of their cards in the future. The back of the card identifies the artist, if known, or the original date and country of the publisher. All of this adds to the card for me, as an artist. This is Santa in every mode of transport. Sometime he's astride a horse, sometimes in a biplane. I liked every card. I highly recommend this collection.

At first I was a little disappointed because I didn't read the whole description about these cards and thought they were put together cards. No, they come in a paperback book and there are 4 on each page. They are beautiful though and I realized that I could easily MAKE cards with them using my

scrapbooking materials! It will mean a lot more to people receiving these because of the effort put into making them!

These charming Christmas postcards are from the turn of the century, all featuring artistic images of 'SANTA' in loving activities with children, tending to his toy-making duties, or in his sleigh. A nostalgic glimpse back to when Christmas meant charm and warmth. Most folks would be pleasantly surprised to receive such a card at Christmas! They are all in a bound book with perforations so you can easily remove them for use. They are postcards so no envelopes are included - but of course anyone could use an envelope rather than post them as cards.

These postcards were wonderful, better than most Christmas Cards. Great selection of old Fashion Santa Pictures and I especially loved the ones from Germany. They were very inspiring, giving me the Christmas Spirit.

Beautiful. Shipped extremely quickly. Beautiful glossy reproductions. They do come in a book and you must fold and tear from perforations so not as pretty for mailing. I bought them for framing and for that purpose they were perfect.

Nice old fashioned christmas post cards. they are in a book with more than one to a page. they are separated with perforations on the cards so you have to rip them apart. but you have to be very careful how you do that because it rips the images easily. great quality images.

I ordered these as inexpensive supplements to my Christmas card supply. They're charming depictions of Victorian style Yuletides. Great to send to youngsters on my list.

BEAUTIFUL! Arrived ahead of suggested delivery time! Durable for mail and plenty of room to write a short note.
