Customer Reviews

One more interesting book from the author. The Chameleon evolves and accept Ash to be his trainer and both of them make a great team. The story explains how Chameleon evolves into Charizard and how he accustom himself to the newly found strength. Not only for kids its an must read book for adults also.

I just bought this books and now I'm a Big fan of Red smith and his books. The stuff that's written about chameleon is really marvellous and gets your interest from the very first line. This is a very nice book and I believe that every Pokemon fan is going to love this book.

The Unofficial Pokemon Books should be made official! In this one, you'll read about all Torch, the charmeleon battling with Ash. I started reading the book to put my son to sleep at night, but both of us stayed uo way past midnight! Get this book today, you won't regret it!

A story of how the character that is Fiery Charmeleon adapts to a change in environment, becomes a different being and becomes even better. A fictitious story of resilience and adventure. i like the book and would recommend it to anyone who loves suspense.

I have literally read about every character of Pokemon and Fiery Charmeleon is one of the best. The book is very interesting and comprehensive. Tell the entire story of this little monster :)

If you are a fan of Red Smith, then you will love this book. And, if you are not then you will become his fan after reading this book. The book is masterpiece and a must buy for your kids.

The story of Charmeleon is really adventurous and the pictures used in the book make the story come alive for me. It is all together a very good book and I want to read more books now.

I have never thought of how life would be if i was a Fiery Charmeleon. This book gave me a complete new perception. That's the least I can say for a well planned and written book.
