Customer Reviews

This is the story of a small red bird that tries very hard to be a magician. While he is not so successful at his magic tricks, the story is quite entertaining for children. The illustrations are simple but appropriate for each page. Unfortunately, this book is not able to be viewed on my large monitor using the Kindle cloud reader. That is quite disappointing to me.

My kids like this one.

I enjoyed this neat story and the images as well. it's too bad that they backfired on Sammy though . I do wish to recommend this ebook for five stars and for kids ages 0-8. I received this ebook for free by using KU to do this and in return, here is my honest review. Great job V.! By Angela

Sammy wants to be a magician and he tries a lot of things but he still can't do it at all

My 6 year old son love this series. Just love the sound of a child giggling by themselves while reading. Worth every penny.

It illustrates importance of organizational skills; but this does not necessarily lead to success. That magic is not so magic after all.

Cute and funny book enjoyed by both kids and adults. Ten more words required six more words la la la
