Rebuilding Catholic Culture

Synopsis

Rarely does a book come along that so succinctly explains the decline of modern culture, articulates a defense of the Church's teachings, and offers a hope-filled path for building a civilization grounded in Catholic truth. In these pages, Dr. Ryan Topping does all three, pulling back the curtain on the false philosophies of the secularists and showing that in the West today the most formidable threat to freedom is not failing economies or Islam, but secularism. Our best defense, he claims, is a vibrant Catholic culture, and our best hope for creating it lies in the principles found in the Catechism of the Catholic Church. This book takes you on a masterful journey through the relevant portions of the Catechism, distilling sophisticated theological concepts into words that are simple, clear, and direct, while unpacking its core teachings on faith and morals that nurture true civilizations. In *Rebuilding Catholic Culture*, you'll also discover sensible ways to begin restoring Catholic culture -- right now -- in your own life and family, and in our larger communities as well: in the theater, the classroom, in our hospitals, and even in the public square. This profoundly accessible book will renew your confidence in the world-transforming character of our Creed and in the potency of our Faith to shape and redefine the culture of the West.

Customer Reviews

"Fr. Aidan Nichols, OP, Prior of Blackfriars, Cambridge "This book deserves to take its place among the Catholic classics." Michael O'Brien, Author of *A Father's Tale: A Novel* "This extraordinary book should be read by every Catholic parent, pastor, educator, politician -- in fact, everyone." Fr. John

Saward, Oxford University, and author of *Sweet and Blessed Country* "This profound work of scholarship is a delight to read. It is shot through with gentle humor, and has a Chestertonian sense of paradox and irony. His exposition of the liturgy is particularly powerful." Joseph Pearce, Writer-in-Residence at the Thomas More College of Liberal Art "Ryan Topping wields the Catechism as a weapon of wisdom with which he demolishes the nonsense of the worldly philosophies and the sophistries they espouse." Phil Lawler, CatholicCulture.org *Rebuilding Catholic Culture* is a lively and readable work of apologetics. Topping combines a breadth of scope with an elegance of style, producing dozens of memorable insights and epigrammatic sentences. --Personal Endorsements "This extraordinary book should be read by every Catholic parent, pastor, educator, politician -- in fact, everyone." --Michael O'Brien, Author of *A Father's Tale: A Novel* "This profound work of scholarship is a delight to read. It is shot through with gentle humor, and has a Chestertonian sense of paradox and irony. His exposition of the liturgy is particularly powerful." --Fr. John Saward, author of *Sweet and Blessed Country*

I really enjoyed this book, but I agree with some of the other reviewers that the author waits too long in the book to offer his prescription for rebuilding Catholic culture. His insights into Catholic culture's decline are fascinating and sometimes quite surprising. I particularly enjoyed his thoughts on church architecture. However, based on the title I expected a more in depth treatment of how the culture of

the Church can be reinvigorated. All in all a solid read however.

This book lives up to all the recommendations and more. I can't tell you how many times I found myself saying YES! Our Catholic faith is being bombarded from the secular world in every direction, Mr Topping has incredible insight. I highly recommend this to everyone who seeks the truth.

We currently reading this book for our St Jerome discussion group. Excellent topics. Well written. Based on the Catholic Catechism .

Not only are Topping's arguments well formed and prescient. His prose are truly a delight to read. Not many authors can really pull off Chestertonisms, but he does.

to be read by any catholic with a mind!

While some of the content is aimed more at the clergy, especially bishops and cardinals, I found this a clear statement of all the key problems that face the Church, but with practical solutions. In some cases, even the ideas, if you can accept them, are cures in themselves. It remains to be seen whether enough of us can put them into practice, before it's too late.

Our traditions and teachings move us toward God and Heaven. Read this book and then read the catechism. Trust this author's advice and move in the direction of understanding your Catholic faith. TRUST THE CHURCH and move forward. HIS Kingdom will be done....

This is a very interesting and informative book and I found it to be quite interesting. I would recommend this to anyone who wishes to look more into their faith.
