Paint By Sticker Masterpieces: Re-create 12 Iconic Artworks One Sticker At A Time!

Synopsis

Paint by Sticker is a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. Masterpieces encourages everyone to channel their inner da Vinci and create twelve iconic works of art. Paint by Sticker Masterpieces includes everything you need to create twelve vibrant, full-color "paintings" — the stickers, the templates, the intuitive directions. The works include The Birth of Venus, by Sandro Botticelli, The Creation of Adam, by Michelangelo, Mona Lisa, by Leonardo da Vinci, Girl with a Pearl Earring, by Johannes Vermeer, Napoleon at Saint-Bernard Pass, by Jacques-Louis David, The Great Wave off Kanagawa, by Katsushika Hokusai, Houses of Parliament, Sunlight Effect, by Claude Monet, Still Life with Apples and a Pot of Primroses, by Paul Cezanne, Dance at Bougival, by Pierre-Auguste Renoir, Bedroom in Arles, by Vincent van Gogh, Breezing Up (A Fair Wind), by Winslow Homer, and the stunning study in color, Flaming June, by Frederic Leighton. The cardstock pages are perforated for easy removal, making it easy to frame the completed images.

children's products, our wide range of high-quality non-fiction titles and products inspire, educate, and entertain readers around the globe.

These sticker by number books are very fun! My girls, ages 11 & 14 really enjoy them and so do I! It's great that the picture and corresponding sticker pages can be torn out of the book, so everyone can be working on their own picture at once. I'd highly recommend this as a fun creative outlet!

I found a dangerous new hobby. It's addictive! This is relaxing, not messy, and in the end you feel like you created art! I plan to laminate some of my best pieces and hang them. I see many folks commenting about how the sticker pieces aren't cut out perfectly. It's supposed to look like a mosaic puzzle in the end, and that's the beauty of it. Use tweezers to help positioning and sticking of the stickers, especially the small ones. In fact, I use tweezers the whole time. It helps with precision if you're a perfectionist such as myself.

I bought this for my 5-year-old nephew, and it was very well-received. As an adult, I loved the vibrant colors and recognizable artworks, but I worried it would be too detailed for tiny fingers. It turned out to be just fine, though. The child in question gets in a lot of LEGO time, and has no trouble manipulating small things. If your child still struggles with that, though, you might consider one of the simpler paint-by-sticker titles. There are some made just for kids. Overall, this is a really fun idea and it makes a great, cheap gift.

I really enjoyed this, a nice mindless activity with a pretty end result, but probably not the best idea if you are OCD, as the stickers don't fit exactly perfect. YOU WILL HAVE WHITE SPACES. I really wish that the background was somehow able to fill in these gaps, but I still enjoyed it.

I love coloring but the whole adult coloring books were really of no interest to me. When I saw that they now make paint by sticker books I was really interested in trying one out. I have a art history background so when I saw this book I bought it instantly. I have found myself getting lost in doing the works of art. It's fun to do and easy. The price is such a great deal through . Beautiful colors and detail. I really hope they come out with more art masterpiece books since I am almost done with this one.

I did not think I'd like these but it's kind of addicting. The pictures turn out so cool looking. Some of

the stickers seem to be like milimeters too small and it can leave some gaps and then some of the small pieces can be too big.

I know some people are very detail oriented, and I thought I was one of those until I received this book. The book itself is high quality materials but the stickers are so tiny and difficult to place that I am going to donate the book to someone who has 20/20 vision and a wealth of free time. :) It's just not for me.

I am so very disappointed by the quality of this book. I bought the last one and I loved it, this time they must have gotten a different manufacturer. The pictures are very nice, but the stickers are not cut correctly on several of the sheets (don't always completely fill the shape) - or not cut thoroughly - so they tear in a way they did not with the first book.
