Think Like Jesus

Synopsis

Unveiling new data showing that less than one out of every ten born-again adults knows the foundational truths of their faith well enough to "think like Jesus," the author identifies seven core questions that Christians must be able to answer biblically in order to live a transformed life.

The latest data from George Barna's polls across America shows that we are confused by the issues that confront us today: "We find ourselves wrestling with what is right and wrong. Some of us cut ethical corners and don't even know it. We often base our actions on what feels right or keeps people happy, rather than on what is best or true. All because, Barna concludes, we lack an active, clear belief system based on solid scriptural principles. Now more than ever, we need a way of life that brings us clarity in the chaos, peace in the problems, and boldness in the bad times. We need a new way of seeing. A biblical perspective that guides our every thought and action. What is biblical perspective on life? To put it simply, Barna says, it is "way of dealing with the world so that we act like Jesus, twenty-four hours a day, because we think like Jesus. It's like wearing a pair of eyeglasses that enable us to see things differently, to see things from God's point of view, and to respond to these perceptions in the way He prescribes. Would you like to simplify your life, shore up your moral foundations, and strengthen your Christian witness? Think Like Jesus can help you chart a path that will allow you to make a difference for eternity in your home, your job, your church, your community. --This text refers to an out of print or unavailable

George Barna earned two master's degrees from Rutgers University and a doctorate degree from Dallas Baptist University after graduating summa cum laude from Boston College. He is the founder and director of the Barna Research Group Ltd., the nation's leading marketing research firm focused on the intersection of faith and culture. A native New Yorker, George Barna has filled executive roles in politics, marketing, advertising, media, research and ministry. He is an award-winning author of more than 41 books, including *Boiling Point* and *Leaders on Leadership* among others. He lives with his wife, Nancy, and their three daughters in southern California.

I was so disappointed by this book. Barna spends lots of time pointing out errors in modern Christianity, but very little on what to do about it. I didn't find anything in the book that would help me "think like Jesus" more or make "the right decision everytime." The book seems to be geared more for new Christians rather than those of us who've been believers for awhile. And newer Christians wouldn't get any closer to thinking like Jesus by reading this book, though they might gain some useful knowledge. I wish I had read some of the reviews before buying it. I'm glad I bought it used. Barna does a great job with surveying and analyzing what is going on with modern Christianity. I think he should stick to what he knows best.

This is a book about the Christian worldview; a topic I love. I thought the book started fantastic but my big negative is the title is "Think Like Jesus" and doesn't spend much time speaking about the worldview of Jesus. This book missed a good opportunity to be one the best books out there on the subject.

While this book won't make you turn the pages so fast you'll have to read it in two days you will find the statistics interesting and very useful in dialogue with Christian brothers and sisters. The Christian Worldview Statistics are eye opening and are cause for great concern within the Christian community. Barna merely exposes the myth that America is a Christian nation, when we are really a pagan nation, worshipping ourselves. Read this and be enlightened the the truth of modern day Laodicea, that is the United States.

Barna gives great insight! Developing a biblical worldview is a necessity to Thinking Like Jesus. We

must seek to present a biblical worldview for people to grasp an understanding of the Christian faith.

George Barna's book is a must read for anyone who wants to know the spiritual health of our great nation. I highly recommend this book.

This book is excellent for ANY worldview class, philosophy class, or even a Sunday School class! Anyone who wants to broaden their views, reaffirm their faith and beliefs, and - as the title suggests - learn to "Think Like Jesus"! This book will take you from a self-centered point of view to a "God-centered" outlook on life. Even your actions and attitudes toward other people will change, as you begin to look for "the good" in all of mankind!

The book's contents are second to none. The physical quality of the book received what beyond expectation! The seller definitely underrated it.

"Think Like Jesus" is an excellent book that gives a comprehensive perspective on Christian worldview.
