Customer Reviews

Praise for *How Do Dinosaurs Stay Safe?* "This beloved series hit the ground running, and it's still going strong." --Booklist "As in previous outings, Teague's artwork steals the show, the realism of the scenes and human figures juxtaposed with the giant, though childish, dinos. Labels in the illustrations and endpapers will help dino mavens identify their favorites. Don'ts and Do's in a familiar formula go down easily for fans and will provide a good conversation starter for parents."

--Kirkus Reviews Praise for *How Do Dinosaurs Say I'M MAD?* "Yolen understands the value of the book beyond its surface entertainments, offering a note about the realities of anger and the value of

apology. And Teague upholds his end of the bargain, carefully attending to the authenticity of the dinosaurs on display, and providing a diversity of human families as well. A solid, welcome addition to the series." --Booklist Praise for How Do Dinosaurs Say Good Night?An ALA Notable BookA School Library Journal Best Book of the YearA Booklist Editor's ChoiceA New York Times, Publishers Weekly, and Booksense bestseller."A delight from start to finish; better buy more than one."--BooklistPraise for How Do Dinosaurs Get Well Soon?A Bank Street College of Education Best Book of the YearA Parent's Choice Award winner* "An excellent choice for story hours."--Booklist, starred review* "The perfect prescription for the crankily bedridden."--Kirkus Reviews, starred reviewPraise for How Do Dinosaurs Say I Love You?A Parent's Choice Award winner"Kids should relate to the dinosaurs' mood swings and take heart in the notion that love conquers all."--Publishers Weekly

My 2 1/2 year old daughter loves the "How Do Dinosaurs" series so when this came out I had to buy it for her. She's still a little young to start writing her letters but she's definitely learning and loves the chalk and writing aspect of this book.

My grandson is addicted to dinosaurs and just loves this book. He practices for hours at a time.

My 4 1/2 year old grandson, just loved it!! Spent the whole evening spelling everyone's names. He also liked that the chalk and eraser packed up so nicely, so he could carry it all under his arm.

I bought this for a Christmas present for my 4 year old so I can't give feedback at this time on what he thinks but I think it's a super cute. We love these Dinosaur books and our collection is almost complete.

Bought one years ago. Purchased the next in the series.
