Ferrari All The Cars: A Complete Guide From 1947 To The Present - New Updated Edition

Synopsis

A new edition with updates to spring 2015, **FERRARI ALL THE CARS A COMPLETE GUIDE: FROM 1947 TO THE PRESENT** includes over 200 designs by illustrator Giorgio Alisi, and covers the history of the Prancing Horse model-by-model, from its origins to the present day, with current production cars. In this 'virtual gallery' the entire production of Ferrari appears in chronological order, sub-divided into grand tourers, sports racers and Formula 1 single-seaters. Each design is supported by a technical specification and text that illustrates the main technical and sporting characteristics. This new, updated edition includes a list of Maranello's cars, enriched by the 458 Italia Speciale and LaFerrari - cars that made their debut in 2013 to be joined by the California T (2014), the car that brought back the turbocharger, just like the F14 T with which Fernando Alonso and Kimi Raikkonen are competing for the Formula 1 World Championship.

Book Information

Hardcover: 454 pages

Publisher: Giorgio Nada Editore; Updated edition (July 20, 2015)

Language: English

ISBN-10: 8879116088

ISBN-13: 978-8879116084

Customer Reviews

Born in 1973, Leonardo Acerbi has worked in motoring journalism and publishing for a number of years. Always an enthusiastic student of automobile history he is an attentive historian of Ferrari and of the Mille Miglia race. Author of the prestigious books 'Ferrari 60 years', 'Ferrari All the cars. A complete guide' and 'Mille Miglia Story 1927-1957', he currently works at Giorgio Nada Editore as editorial director.

I was leary about it to start with, as some of the Ferrari racers are missing, but as a quick reference, it does a nice job. More photographs would have been nice as opposed to the art work. But, yeah,

it's got enough good stuff to be rated as pretty decent. I think it should been, "Most of the Cars, a Work in Progress Guide."

All the cars seems correct; it even includes some rare examples such as the Can-Am cars. The illustrations are small drawings in color.

thank you

Great concise & historical descriptions of most of the road, and many of the significant racing Ferrari's.

My 10 year old could is obsessed with cars, and this book is great for him. It's not really kid-like, but he loves looking up cars, and reading about the facts. He absolutely loves this book

Very good reference book, with a 2 page summary & specs on each car.

An updated version of a book I got 10 years ago. Love the pictures and illustrations.

A "must" for hard core Ferrari fans.
