Tuttle Chinese For Kids Flash Cards Kit Vol 1 Traditional Ed: Traditional Characters [Includes 64 Flash Cards, Audio CD, Wall Chart & Learning Guide] (Tuttle Flash Cards)

Synopsis

A fun and kid-friendly introduction to Chinese! The Tuttle Chinese for Kids Flash Cards (Traditional Character Edition) kit is an introductory language Chinese learning tool especially designed to help children from preschool through early elementary level acquire basic words, traditional Chinese characters, phrases, and sentences in Chinese in a fun and easy way. The flashcards can be used as a learning tool in a classroom setting, at home, or anywhere that learning takes place, and can easily be taped around the room for an interactive way to learn Chinese. The set contains a total of 64 words, which all represent a range of sounds in Mandarin Chinese, organized into thematic categories, including: My Family, Colors, Numbers, Animals, Food, My Body, Clothes, and My Day. All of the words are illustrated—the pictures serve as effective visual aids to help children learn and remember each word's meaning. Words often reflect cultural objects and items and can be studied in any order. Learners may focus on one theme at a time or mix them up for a little more variety. Also included in this kit is an audio CD which provides native pronunciation of the words, and sample sentences for practice—sentences that children would use in everyday life. Songs and other activities are also included on the free audio CD. Finally, the kit also includes a wall chart featuring the front of each card for kids to review and a learning guide for teachers and/or parents with tips, activities and more! Once these 64 words are mastered and the child yearns for more, check out Tuttle's MORE Chinese for Kids Flash Cards (Traditional Character Edition) kit (978-0-8048-3938-9).

I'm Taiwanese, so I'm constantly looking for tools to teach Chinese in the traditional format. I LOVE that this was designed for children with family that want them to grow up reading and writing traditional characters. It's amazing and perfect for my little nephew. HIGHLY RECOMMENDED!!! When he gets a little older I'll be buying the additional language sets!

This is such an excellent set -- audio CD, 24x36" poster, small reference booklet, and colorful flashcards -- for beginners just starting out learning Chinese. Because of the audio CD, this set can easily be used by a parent who does not speak Chinese. The audio CD provides not only the pronunciation for each of the 64 vocabulary words, but also a sentence or two so the student can learn the word in context. The back of the flashcards also includes a sentence or two to reinforce the vocabulary in context. The poster is a nice learning tool, especially since it shows the same character, pinyin, and photo as is on the front side of each of the 64 flashcards. My three-year old daughter started her Chinese education at home with this Tuttle set, and now after 1 semester of Chinese school I see that this set covers almost exactly the same material as preschool Chinese school (family members, numbers 1-10, colors, clothing, animals, foods, body parts, and a couple of actions/verbs). I highly recommend this set, and will be purchasing Vol 2. soon.

The product consists of 64 flash cards, a wall chart with the same Chinese characters, and an audio

CD with spoken chinese. It is a great way to introduce chinese to a child. The flash cards include a picture, the chinese characters, the pinyin pronunciation. On the back of the card the words are used in two representative chinese sentences. There is also a guide as to how to write each of the words (the strokes). The illustrations are basic and they seem to work well. I am teaching chinese to my child and she is picking up most of these words. I recommend this product and I have placed an order to purchase the volume 2.

Not bad; good for what we needed it to be -- something to teach our 24 month old some basic words in Chinese.

Purchased for my young cousin who is taking Chinese in high school. She found this very helpful

I love these flash cards - great for beginners and comes with a nice poster.

Great product, cards are covered and of decent weight. I only wished the company had thought to keep the picture and text on opposite sides of the cards.

DID NOT SHOW PROPER CHINESE NUMBER FINGERING USED ENGLISH HAND SIGNALS.
