The 2001 World Trade Center Attack (Code Red (Bearport))

Synopsis

In a fiery flash, a low-flying plane crashes into the North Tower of the World Trade Center. Moments later, another passenger jet explodes into the South Tower as part of a horrific terrorist attack on U.S. soil. The 2001 World Trade Center Attack recounts the September 11, 2001 tragedy through the harrowing stories of those who braved the attack. Kids will meet Captain Jay Jonas and firefighters from Ladder Company 6 in New York. They'll also meet Chief Pitch, from a separate rescue crew, who teamed with Jonas to carry trapped victims to safety. Candid, on-the-scene photos and quotes from primary sources reveal terrifying first-person accounts of the day's tragic events. Emphasizing the human drama, a Profiles section lists people related to this historic tragedy.

Customer Reviews

This is a children's book written specifically for struggling readers. The author did an amazing job writing about the tragic twin towers event of 911 using basic vocabulary and sentence structure. This is a good book for teachers or parents who have children who are beginning, ESL, or struggling readers with an interest in learning about 911. All too often books for children who have difficulty

reading are on fluffy topics or subjects that are not commensurate with the age group. This book bucks the trend and gives children a chance to read about a complicated and important event.

The author did a superb job of presenting this difficult topic at a level that is appropriate for children. It was the right amount of detail presented with honesty and sensitivity.

I was very disappointed, not enough detailed information. This book seemed to be written for children. The day's events deserved more coverage.
