# Wildlife Of Ecuador: A Photographic Field Guide To Birds, Mammals, Reptiles, And Amphibians (Princeton University Press (WILDGuides))

## Synopsis

Mainland Ecuador's spectacular wildlife makes it a magnet for nature tourists, but until now there hasn't been a go-to, all-in-one guide geared to the general reader. With this handy and accessible guide, visitors now have everything they need to identify and enjoy the majority of birds and animals they are likely to see. Written and illustrated by two of Ecuador's most experienced nature guides and photographers, this book covers more than 350 birds, mammals, amphibians, and reptiles. It features over 400 stunning color photographs and includes a range map for each species, as well as a brief account of the country's natural history and biogeography. With its extensive coverage, attractive and easy-to-use layout, beautiful photographs, and nontechnical text, this is an essential guide for anyone who wants to explore the natural wonders of Ecuador. An essential all-in-one guide to mainland Ecuador's amazing wildlife. Unique and attractive layout with more than 400 stunning color photographs. Covers more than 350 of the most frequently seen birds, mammals, reptiles, and amphibians. Uses a habitat-based approach to aid identification. Accessible text provides key information on identification, behavior, biology, and conservation. Photos, maps, and text are presented together for ease of use.

## Customer Reviews

"A pleasure to browse. . . . Compact but informative species accounts and the colourful photos are a constant delight."--Matthew Merritt, Bird Watching Magazine

Andrés Vásquez Noboa works as a guide for Tandayapa Bird Lodge and Tropical Birding Tours in his native Ecuador, as well as in Peru, Brazil, and Argentina. An active promoter of birding and conservation, he has cowritten six previous books on the wildlife of mainland Ecuador and Galápagos. Pablo Cervantes Daza works as a nature and photography guide for Tropical Birding Tours and for Capturing Nature Tours, leading tours and workshops in his native Ecuador, as well as in Brazil, Costa Rica, Mexico, South Africa, and Madagascar.

I'm headed for Ecuador in November, so I'll mostly use this (I got the Kindle version) while I'm there to record birds we see.

Covers all birds and mammals of country in short but precious detail. Nice pictures and descriptions

excellent book
