How To Build Ponds & Waterfalls Just Like A Professional.

Synopsis

A pond can be a great source of joy for the whole family, with all the wildlife and fish swimming in crystal clear water. Imagine yourself on a warm summer evening, enjoying a glass of your favourite tippie, whilst in the background, the gentle sound of running water cascading over rocks, wonderful. Discover in step by step detail, how you can build your own stunning professional looking pond and waterfall with crystal clear water. Whether for your own pleasure or for profit, you will find everything you will ever need to know contained within this course. About the author. Dave H Aldridge has been in the landscaping business for around 30 years. He specialises in the design and construction of ponds, waterfalls and other water features. He has, in this course, given the reader the full benefit of his knowledge in a precise 'How to' format, allowing the reader to construct a successful, professional looking pond and waterfall.

Customer Reviews

Just the info I needed to build our pond and waterfall. I loved his illustrations and step by step instructions.

Very informative. I built my cascade and pond following the simple instructions in the book. Worth reading if you plan on building your own pond.
