It's a small book by academic standards but it's very helpful in sorting out Hebrew and Aramaic words according to the number of times they are used in the Tanakh. The lists are in bite-sized chunks for easier learning.

I lost my copy of this when I moved, but plan on getting another one soon. The "word-frequency" statistics may or may not be perfect according to some past reviewers, but that shouldn't be worried-over. If a person gets familiar with it's first 20 pages, they should have most of whatever they'll read, understood. The more familiar one gets with this Word-List, the more proficient their recall will be. It's easy enough for a beginner who only knows how the letters and vowels are pronounced, to begin appreciating what they're holding in their hands.

Just what I wanted.

Very special

Thinner than expected small-medium font. Great purchase.

Used it for my Intermediate and Advanced HB class. Very good.

Very good book! Not often finding one with Aramaic, also!

RECEIVED ORDER ON TIME BUT THE BOOK IS MUCH SMALLER THAN I EXPECTED AND IT IS PAPERBACK.
