Always Remembered: Book Three In The Never Forgotten Series

Synopsis

One clueâ | what does it mean? Ken, the leader of the Blue Men of the Minch, has kidnapped Evan. Before they left, Evan was able to leave a package for Mearaâ her grandfather's necklace wrapped in a cloth napkin with one word written in blood. Azuria. Unfortunately, Meara doesn't understand it and neither does her dad or Kieran. When Dad and Aunt Brigid attempt to rescue Evan, Meara and Kieran begin to train the clan on how to fight and defend their home. A war is brewing, and Meara is determined their people must prepare for the battle. The training sessions are long and arduous, but the Selkies work hard to learn. Meanwhile, Evan wakes and finds himself in Belle Tresor, the home of sirens. He's bound to his blue form, unable to transform to human, and Ken has plans to use Evan's powers to destroy the Selkies. Thankfully, he's not alone. He befriends a siren named Deanna and several Blue Men. Can he trust them to help him escape or do they have ulterior motives? As both sides prepare for an ultimate confrontation, the stakes are high and friendships are tested. Some will rise to be victorious. Some will be destroyed. But love and loyalty will be always remembered in this exciting conclusion to the Never Forgotten series.

Book Information

Customer Reviews

Kelly Risser knew at a young age what she wanted to be when she grew up. Unfortunately,

Fairytale Princess was not a lucrative career. Leaving the castle and wand behind, she entered the world of creative business writing where she worked in advertising, marketing, and training at various companies. She's often found lamenting, It's hard to write when there's so many good books to read! So, when she's not immersed in the middle of someone else's fantasy world, she's busy creating one of her own. This world is introduced in her first novel, *Never Forgotten*. Kelly lives in Wisconsin with her husband and two children. They share their home with Clyde the Whoodle and a school of fish.

(RabidReads.com)The word Selkie sounds way more interesting than seal shifter-at least I think so. This is the third and last book in this series about an older teen girl that finds out that she is half selkie. And that her father is leader of the Scottish clan of selkies, located on an enchanted(warded)island off the coast of Scotland.In the last book, *Current Impressions*, Meara had just moved to the island to live after her mother's death. Her boyfriend, Evan, had come to Scotland as well to do a work study with his professor, and of course to be able to see Meara. Things really went wrong in the last installment, and Evan has been captured and taken prisoner by Ken, the man the professor was supposedly working for. Selkies are being murdered and war is imminent.As before, the book's point of view changes back and forth from Meara to Evan. I really appreciated that the author chose to write it this way, as both stories are compelling and needed to be told in their entirety. Now that the two have been apart, the couple does start to act like they really are broken up. However, Meara never stops trying to find and help Evan.I am going to be vague about the rest that happens as I don't want any more spoilers than I have to. We do find out who is starting the war and why, and that person becomes the main villain of this read. We get to see Meara come into even more of her powers and while her father is away, she starts to teach her people to fight. Meara was born to help lead her people and she never shies away from it. She wants her people to be able to defend themselves and even tries to teach them the magic that her and her family wields so easily-something no one has ever tried before.In the end, this book genuinely surprised me with the way it all wound up. I knew things were pretty impossible for some characters, but never imagined that it would end up like it did. I was happy about most of it, although we do lose a good character to the war and I hated that. I enjoyed this series and thought that it was well written with good characters to root for. Romance, intrigue, and lots of action will keep you turning pages-at least it did me.This book is published by Clean Teen Publishing. However, I would probably not put this in the young adult category anymore. In the front of the book, there is a disclaimer about the book with a NA rating. It may have been posted in

previous books, but I didn't notice it until now. There isn't anything explicit, but I would say 16+ would be correct due to some sexual situations. FYI-I posted this as paranormal romance, but in a way I would say it's almost an underwater urban fantasy of sorts.

Always Remembered was a fantastic ending to an amazing series. This series truly has it all, and features selkies, mermen, and sirens, a genre that isn't currently very popular. This is a wonderfully unique and creative series and a must read for fans of this genre. The second novel in this series, *Current Impressions*, set this book up perfectly. As soon as I was finished reading the second book, I knew this was going to be chock full of action, and plenty of twists and turns. Ms. Risser delivers in the best way, and serves up a conclusion that will satisfy all fans of this series. Her writing is perfect and the story flows effortlessly. This novel is well paced and the perfect length. One of my favorite elements of this story was the different settings in which the story took place. For about half of the story we alternate between Ronac and Belle Tresor (the home of the sirens). We also visit Azuria (but I'm not going to tell you much about that because I don't want to give away any spoilers). While these places were talked about before or described before, this novel makes these places come alive. You felt that you were living in these places as they are richly described. While we already knew about Ronac previously, I felt that we got a much better feel for the community and safehold. Put simply, Ms. Risser's writing created a wonderful atmosphere and experience for the reader, and allowed the reader to live in the moment when reading about these places. Another excellent element of this story was the development of the characters. Throughout the course of the series--and this book in particular-- Meara grows enormously. She is more determined than ever and (at least in my mind) much more responsible. Meara has finally accepted her position in her family and realized that she needed to step up to the plate to help her clan and people. She has a wonderful tenacity and fierceness that serves to further her plans and mission. However, the best thing about her character is that she always remains optimistic. No matter what troubles or setbacks come her way, she always stays positive. Evan also matures quite a bit, and I did like how he stuck true to his character. Kieran is amazing and I loved how much he supported Meara. He remained her partner and believed in her, even in the face of danger or trouble. There is a great wrap-up that brings the story to a nice conclusion. Overall, this is a fantastic series that definitely deserves more attention. With Ms. Risser's wonderfully creative and descriptive writing, as well as characters that you will quickly and easily fall in love with, this series is a major win. Don't miss out! Happy reading :)

Immediately after finishing Book 1. While I thought the price should have been less (I'm frugal
Ã Â ÂÂ), I loved this series.

The 3rd book in this series did not disappoint! absolutely all your questions will be answered and most importantly you will be smiling at the end because the book does end with a happily!

When I reviewed book one of this series I noted that the pace seemed a bit slow.....I was wrong. It merely served as a gradual introduction into an amazing and complex world and the evolution of a young teen into a poised and magnificent example of the best of that world. This series is well done and very enjoyable. Kudos to the author.

A fantastic, epic conclusion!It really wrapped up the story nicely. A few things I could see coming, and a few twists that I didn't! Very well done, I didn't want to leave the characters behind.

This was a wonderful ending to the series! Meara is able to achieve the respect and love of her people. Her heart knows no bounds. I have loved watching her grow and change. I can't wait to read more from Kelly Risser, she has a bright future as a new author.

I have read all 4 books in this series. If You enjoy fantasy and romance this is the series that is a must read. You will not be disappointed. Great storyline. Thank You
