The McDonaldization Of Society

Synopsis

Now in its Eighth Edition, George Ritzer's *McDonaldization of Society* continues to stand as one of the pillars of modern day sociological thought. By linking theory to 21st century culture, this book resonates with students in a way that few other books do, opening their eyes to many current issues, especially in the areas of consumption and globalization. Through vivid, story-telling prose, Ritzer provides an insightful introduction to the ways in which the principles of the fast-food restaurant are coming to dominate sectors of American society as well as the rest of the world. This new edition has been fully updated to include a new focus on McDonaldization of the workforce.

Fast Delivery, As Described

Great price, fast shipping, and brand new. Can't ask for anything more.

I had to order this for my Urban Sociology class. The content of the book was interesting, but I still found it hard to sit down and read the book.

Just what I needed.

Not what I expected, but it is a very interesting theory.

Very educational.

It's the same as the schools. Perfect condition.
