Bad Girls Don't Die From Bad To Cursed

Synopsis

Alexis is the last girl you'd expect to sell her soul. She already has everything she needs--an adorable boyfriend, the perfect best friend, and a little sister who's finally recovering after being possessed by an evil spirit, then institutionalized. Alexis is thrilled when her sister joins a club; new friends are just what Kasey needs. It's strange, though, to see how fast the girls in The Sunshine Club go from dorky and antisocial to gorgeous and popular. Soon Alexis learns that the girls have pledged an oath to a seemingly benevolent spirit named Aralt. Worried that Kasey's in over her head again, Alexis and her best friend Megan decide to investigate by joining the club themselves. At first, their connection with Aralt seems harmless. Alexis trades in her pink hair and punky clothes for a mainstream look, and quickly finds herself reveling in her newfound elegance and success. Instead of fighting off the supernatural, Alexis can hardly remember why she joined in the first place. Surely it wasn't to destroy Aralt...why would she hurt someone who has given her so much, and asked for so little in return?

Book Information

Lexile Measure: 670 (What's this?)

Series: Bad Girls Don't Die

Paperback: 448 pages

Publisher: Disney-Hyperion; Reprint edition (May 1, 2012)

Customer Reviews

"A group of social-climbing high-school girls makes a deal with a demon in this sassy, easily

digestible horror story." ---Kirkus --This text refers to the MP3 CD edition.

Katie Alender, the author of the Bad Girls Don't Die series, is a graduate of the Florida State University Film School. When she's not writing novels, she can usually be found in her sewing room, making things for her friends or her dog (or her friends' dogs). She also enjoys reading, eating delicious high-calorie foods, and hanging out at home in Los Angeles with her husband and her very spoiled Cavalier King Charles spaniel, Winston. Visit her website and blog at <http://katiealender.com>

Katie Alender is a really good author for teenage girls and this is a really great book! It is written in first person, which, in my opinion, makes a book much better. Once you start reading it, you can't put it down! You really come to know and love all the characters and the descriptions of everything are exceptional; you feel like you are actually there! It is very suspenseful and scary, but not too scary to not want to read. Katie Alender is a wonderful author and is great at telling you things without you really realizing what it is, so you can make the connection when it is further explained. I would (and have) recommend this book to anyone, teenager or not! I read it and I am 13, and my 17 year old cousin enjoys the books just as much as I do. I read this book in two days- it is so good!!! I can't wait for the next book in the Bad Girls Don't Die series, Katie Alender is my favorite author! :) visit [...] for more information on the upcoming book in the series and to watch the book trailers!

Evil teenagers. Isn't that redundant? Oh, just kidding. Anyway, Bad Girls Don't Die: From Bad to Cursed is full of evil teenagers. A sequel to Bad Girls Don't Die, a book I absolutely loved, the story brings back pink-haired Alexis Warren, and her formerly possessed sister Kasey who has just been sprung from a mental institution. Kasey's reappearance has Alexis on edge (she did try to kill the entire family) and threatens to derail what had been shaping up to be an excellent school year. Her sister is sullen, at best, resenting the suspicious way Alexis looks at her, and she is understandably reluctant to go back to school. If kids will make fun over you over lame things like a haircut or an outfit, Kasey knows, a year in a mental institution is sure to be excellent mocking material. Surprisingly, however, Kasey is welcomed by a group of girls including a new student, one of Alexis' old friends, and even Kasey's former BFF, a girl whose arm she broke in the first book. Together, the girls meet regularly at one another's homes and form a club that focuses on self-improvement. So everything is OK, right? We're all too smart to believe that. Alexis investigates further - using both her intelligence and a Ouija board - and realizes that these little models of perfection are messing with things better left alone. Afraid that her sister will end up trotting down

the same supernatural path that almost got them all killed in the first book, Alexis begins attending the meetings herself. And that's when everything in her life starts going incredibly...right - and that is so wrong. Will Alexis have the strength to look beyond all of the amazing new gifts she has received in order to fight a force that seems stronger than all of them? I guess you'll just have to read it for yourself. Read more about this book and other YA titles on my blog: [...].

This book is a page turner! Definitely did not see the twist coming at the end! Katie Alender is definitely a talented author. The imagery is vivid like you are actually at the places that are described! I couldn't put this book down once I got started. After I finished the first book, this book couldn't arrive in the mail fast enough for me! This is definitely one to read over and over again. Don't miss out. This will throw chills down your spine!

Great book according to my teenager who loves this series.

As soon as I finished *Bad Girls Don't Die* I started this book. While not quite as good, I still enjoyed it. Although I found myself wonder after what happened before how could they mess with the supernatural again. This time it is Alexis not Kasey who gets in over her head. The thing is she did it because she wanted to save her sister. I can't say as I blame her after seeing what she gets out of the deal. Yet I had to wonder if Alexis didn't really want a bit more for herself. So in this book for me the tables were turned, with both sisters working to save the other. There were some interesting twists in the plot that kept me on my toes. I have to say that while I did like this book, I enjoyed the first one more. Though I'm looking forward to reading the third book and seeing what happens.

Great series

I loved this book it was terrifying yet beautiful they way the author describes the characters feelings made feel scared yet intrigued. When I started to read this book it was a shock of wanting to keep reading and reading to find what happens to Alexis and Katie it was a heartbreaking book yet it filled me with sacredness and I connected to Alexis and most of the girls because all they wanted was to be pretty and popular and every teenage girl wants that I'm a teenage girl and reading this book taught me it's ok to not be perfect cause perfect is boring so I advise everyone to buy this book it is soooooooooooooo worth the money but beware u won't be able to sleep for a few nights because u will be scared I was

Right when I saw the cover I knew I was gonna love this book!!! I love reading books that contain some mystery, scares, and some romance. I'm glad to say this had all!!!
