Customer Reviews

I find this guide very useful in terms of choosing the resorts. It has good descriptions of all the resorts in terms of facilities, clients, food served and activities. The resorts are in different chapters according to the different atolls. So, it is a good guide for choosing the right resort according to one's taste

Like all Lonely Planet guides, a mine of useful information, that proves invaluable in picking the resort that best suits your interests and pocket. A good section on diving and snorkelling. Well worth the money.
