Love Jen!!! Love Badass - seriously - BUY the book!!! Love this button lol and the teeny weeny tiny book goes everywhere with me! It works by reminding me that I am a Badass!!! Thanks JS...you truly ROCK dudette, m'kay! ÆfÂçÃ Â•Ã Â¼ÃfÂ Ã Â.Ã Â•

I bought one for me and one for my sister! It is a great stress re-leaver and helps when you need a laugh.

The voice sounds as if it computer generated- not human and one of the phrases is very difficult to understand.

Very cute little gadget. Makes me laugh every time I use it and others find it amusing as well.

great little book to carry anywhere and the button is fab for waking up to or while brushing your teeth...just that little bit of extra we all need

First one I received stopped working after a day. Received another and it still works. Pretty cheaply made, but PANT-WETTINGLY HILARIOUS in Jen's words!!

The talking button doesn't have many different lines & the ones it does have aren't very good.

Purchased as a gift to have on hand for a friend. Was a cool "cheer up " gift when I used it, but it's kind of gimmicky and doesn't have much substance. It was cute for the purpose it was used for, but wouldn't purchase again. Little book didn't have much substance.
