LIFE Unseen: Johnny Cash: An Illustrated Biography With Rare And Never-Before-Seen Photographs

Synopsis

LIFE partners with Sony Music Entertainment and its vast archive of photography to launch a new series of special books: LIFE Unseen, surprising looks at some of our most legendary stars. We kick off the series with Johnny Cash, who passed away 10 years ago, but it seems like he has never left us. There have been iconic American performers whose lives seemed even larger than their stage personas. Then there was Johnny Cash, unique and yes-transcendent. He is seen as a country singer, but he is also in the Rock and Roll Hall of Fame and Gospel Hall of Fame. Coming out of Arkansas, rebellious and an early adherent of rockabilly (he was part of Sun Studios' Million Dollar Quartet, along with Elvis, Carl Perkins and Jerry Lee Lewis), he found his audience. Cash was also a TV star and he formed supergroups with other top recording artists. Movies were made about the Man in Black, and he would have been calcified as a "legend" had he not been so genuine. LIFE was at its apex when Cash "arrived," and this special volume includes that great photography, interviews with Cash and his family-as well as his soul mate, June Carter Cash, in a special section-and, of course, the never-before-seen imagery. Johnny Cash lives on through his eternal music and personal story-and through this tribute that presents, perhaps even reveals, the Man in Black, Johnny Cash, as you've never seen him.

I didn't know what to expect when I bought this book for my Husband, but wow! The pictures are amazing and the book does not disappoint. I don't know how the kindle version would be, but I can't believe it would be as nice as the hardcover edition. My Husband loved it and I am very pleased with my purchase. has it at a great price, but even the full price listed in the book would be worth it in my opinion. This is the perfect gift for any Johnny Cash fan.

This book had a lot about what I already knew about Johnny Cash and his family but also had some never before seen photo's and facts that kept me reading till the end! Great for any Cash fan of any age! I read it to my six year old who I proudly have turned into one of the biggest Johnny Cash fans and even she enjoyed it!

great book

My grandpa loves this book. I'm proud to say he always tells me I get him the best gifts for birthdays or xmas :) I know him so well. He grew up loving the music and life of Johnny Cash. Anytime I can find books or memorabilia I get it and surprise him. Just to see the look on his face and how locked on the book he was makes me so happy. If your a Johnny Cash fan get this book, it's really great!

Beautifully edited book with wonderful pictures never seen before. Purchased it for my husband who has direct relationship to that Cash family. Will give it to him at Christmas. Can't wait to see his face!

Classic Time-Life style book of a legend. It's like sitting down with a Cash family photo album when you look through it. I had the great honor of meeting John once and I just wanted to have this printed memory. It stays my Eazy Boy chair...

I bought for my son, who is a big Johnny Cash fan. I looked through it and I know he will love it. I

would love to keep it.
