Jams like my grandmother madeBy leonieThe main ingredients are sugar and fruit. Besides that you will need sterilized jars. No other special canning equipment is needed to make these wonderful jams. Easy to understand information and simple instructions. I love this book.Great for the kitchenBy Louis CarterDefinitely a must have, I personally always wanted a book that showed how to make jams. Good way to stay healthy too, if you're like me and allergic to all the additives they put in all our foods, even in a simple thing like jam, then this book is for you.Jams and jellies are a sweet way to say I love youBy Laura ClangJams and jellies are a sweet way to say I love you! Pair a jar of homemade jam or jelly with a loaf of homemade bread and you will be welcome wherever you go! One of my favorite gifts and a great book for a variety of recipes. YUM!

Vesela Tabakova lives in Bulgaria with her family of five, a crazy Jack Russell Terrier and three

adopted dogs. Reading is her passion and coffee is her drug of choice. She loves cooking and preparing natural, homemade beauty products for family and friends. Her inspiration comes from many tried and tested recipes which circulate within her extended family, but she also experiments all the time in order to create new and varied recipes, better suited to modern tastes.

I love the simple recipes, however I find some of the directions a little unclear. When making apple jams, do you peel the apples? And looking at 1 recipe (apple and blackberry), the ingredients call for lemon juice, but then in the directions it also says to add citric acid...why? how much? there is nothing in the ingredients about citric acid

Dear Vesela, I enjoyed reading all of your recipes which brought back many memories - my creative juices are flowing. I look forward to cooking-up a few recipes in the near future..Thank You,
