Customer Reviews

Maggie Wright is the author of All You Need to Know About Making Memory Albums; owns a craft business; and advises, lectures and writes on many different crafts.

Excellent!

This is a book the is for beginners only. This book has great information for beginners, but nothing, I mean nothing for anybody else. I wouldn't recommend, because there are other books that you can buy that have this same information for beginners, and some additional information. But I gave it 4 stars because the information offered is good and accurate. It clearly written, and plenty of pictures to clarify.
