"Writings" gives the reader a chance to assess the power of the man's pen and, by this standard, his character and mind. -- The New York Times

The Library of America is an award-winning, nonprofit program dedicated to publishing America's best and most significant writing in handsome, enduring volumes, featuring authoritative texts. Hailed as "the most important book-publishing project in the nation's history" (Newsweek), this acclaimed series is restoring America's literary heritage in "the finest-looking, longest-lasting edition ever made" (New Republic).

Great Value and the book was in excellent condition. An excellent reference Book. TJ is my fifth great Grandfather on my mother's side and I do not know enough about him except from what my grandmother has told me. I was educated in Europe and have never studied American history! I can tell you just about anything that happened in English or European history but very little about my

own as I have lived most of my life overseas. I am looking forward to learning from this book. Thank you to the seller for selling at such a great price and shipping so speedily.

Great reference book with lots of essential Jefferson writing. The book itself is made well with nice paper and a nice blue hard back. I think the paper jacket is hideous so I removed mine.

Very good.

Anything about T.J. is worth reading.

Really happy with this. Amazing writer and thinker. Genius really. I was looking for a top notch reference on TJ, and you don't get much better than the man's own words. Great quality paper with thin cover (disappointingly thin). Do yourself a favor and get this first over the biographies.

This volume contains all his best works. Works every American should be familiar with. Maybe then this nation would still be the country he and his compatriots imagined and not the 'military industrial complex' it has become.

The most fabulous online experience of my entire life and I'm almost 69.

Jefferson is one of my favorite Americans and being able to read his personal writings opens the man to a better view
