I'm not sure what it is about this book, but my toddler loves it. It's a basic story about a child and grandpa making pizza together. It's written in the same style as other Karen Katz books-- "Where's grandpa's rolling pin?" and then you lift the flap to find it. We have several of her books but this one is the standout hit that we have to read over...and over...and over again.

I had the Grandma and Me book and was very happy to get the Grandpa and Me book. The story is cute, the colors and pictures are nice, and it has flaps to open which my grand-daughter loves!

Love Karen Kantz books, especially the interactive books.

Nice little board book. All that it stated. Timely arrival. I used this little book with our curriculum on Me and my family. The books is of good quality. The infants were able to take part as they were able to handle the books and look at pictures too. I will order books from this company again

Simple sweet book that I could not find ANYwhere in local stores

wished it would be a story different than one related to all pizza

Great gift for grandparents on Mother's day and Father's day! Our babies' grandparents love reading to baby and they enjoy this subject matter (grandparents) the most!

My three year old niece loves all the Karen Katz books and this one is no exception. She loves to read it and talks to her own grandpa about making pizza.
