365 Bible Verses-A-Year Color Page-A-Day Calendar 2016

Synopsis

Live by the teachings of the Bible, every day. 365 Bible Verses is the beloved calendar that combines the timeless words of the Bible with full-color nature photographs that display the glory of God's creation. Each day cites chapter and verse from the New King James Version of the Bible: Matthew blesses the pure in heart, and a field of sunflowers glows golden under the sun. Proverbs exalts the Lord's strength next to a towering mountain range. And a blooming rose illustrates John's tribute to love. These are words guaranteed to bring comfort, to inspire joy, to affirm faith.

I have bought these calendars for years, since even before the pictures were added, because the verses were from that beautiful King James Version. This year, I missed the changed description of NEW King James Version, and I have boxes of calendars I will attempt to return to . Please bring back the King James Version. I'm very disappointed. :-(

I give this as a Christmas gift to my Mom each year for her spiritual nourishment. She says that she can't do without it and holds it close to her heart when she receives it. I would have given it 5 stars except for the fact that Workman Publishing no longer makes the large print no image calendar anymore. I too missed the fact that it is no longer the traditional King James version of the Bible. I used to buy several of these, but now I just buy 1 a year. Next year I hope to find a large print that you can view across the room and also a King James version.

Still the best of all the Bible Verse calendars out there. The photos are breathtaking, the verses inspiring. The yellow plastic backer is the only thing I would like to change. It sometimes clashes a bit with the photos. The green backer from 2 years ago was a better match. Other than that, the calendar is perfect, and will offer a year of inspiration. It's wonderful. Many thanks, Page-A-Day! Great Job!

As Christians we learn to forgive !! And love!! Love this calendar as it is and it's beauty of words and pictures for it is Gods creation the earth and bible . Not being in old English ?? Some of you complain greatly why??? Why not make it easy to understand for those kids out there that might throw their eyes at it as it sits somewhere on their grandmas mantle or at their parents table . If is easy to understand it might speak to them and their hearts their intelligence and their integrity , shaping them to be better and do good . I am 34 and as I raise 2 boys (1 &4) I am shocked at how much violent entertainment and even clothing is encouraged in our kids . Really? No wonder they choose bad paths later when going gets tough in life. The bible should be our shield to raise sensitive, kind, strong, and with great integrity young men and new generation of tomorrow . That new generation will be our care givers in every way even if is just the boy giving you your groceries bagged at store . I tremble at the thought that one day might not be many believers in Christ and God and even finding a simple pleasure as a bible calendar might be hard . Some churches around the world are sold for other uses as folks stopped going to church. Is sad .Peace everybody Keep gratitude in your hearts and strengthen the Christian way and the good word of the bible new format or not !!!!

Every year, I order two of these calendars for my grandmother and great aunt. As older religious ladies, both women always enjoy receiving these as gifts. I know because they tell me so countless times throughout the year. Both women like to read the verse of the day with their morning cups of

coffee, so I guess they use them somewhat as a devotional. My great aunt Ruby tells me all the time that she looks at the calendar every morning and prays for me and my family, so it that way this gift is really a blessing to us both. The reason I always pick this calendar over other similar products is that all the pages are in full color. With some of the other calendars (especially those that are a dollar or two cheaper) only certain days have color pictures. This one isn't like that -- every verse has a full color photo of a beautiful landscape or piece of scenery. I recognize that this product is receiving a lot of negative reviews because of a recent switch from the KJV translation to the NKJV translation. I know that this is not the place to argue theology, but as I have no particular attachment to the KJV translation, this switch will not impact my future purchasing habits. The sweet older ladies for whom I buy this product also have no real issues with the switch. With that said, this is still the best product for me.

Look out! They changed it from King James version to New King James version. I've used this calendar for many years but I'm sending this one back.

I was very disappointed in the types of verses in this calendar. It seemed like they were computer-generated, many of which would've been more confusing or depressing than uplifting. I'm not hating on Scripture by any means, but it doesn't seem like any thought was put into the making of this calendar!

No longer KJV.
