Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

Great fish reference card. We've identified multiple fish using this card and it definitely cost less via than it does in the dive shop on CuraÃƒÆ'Ã o!

great for my grandsons school project

We just returned from Curacao and used the fish ID card after each snorkel..... but did not use the map once... low resolution and frankly the map is useless. But the fish ID side is great - we kept it in our snorkel bag and since it's waterproof it's still in great shape.

Just back from Curacao - loved it. Took it snorkeling with us and were able to identify what we saw. Shared with another couple in Curacao - they loved it too!

Pretty basic/generic map.

Franko Maps are the best!

I guess it depends on what you want this map for. The level of detail is quite low. We ended up getting a more detailed map so that we could actually figure out how to get where we want to go.

Exactly what I expected.
