Michelle Obama: A Photographic Journey

Synopsis

A stunning pictorial celebration of one of the most beloved First Ladies of our time: Michelle Obama. With 140 photographs, inspiring quotes, and excerpts from five historic speeches, this gorgeous volume pays tribute to Michelle Obama. Although it primarily focuses on 2007 to 2016, the book covers the pre-White House years, as well: her childhood, her time in college and law school, her work as a young professional, her marriage to Barack, and her experiences during his first campaign. It also explores her family life; celebrates her *“First Lady Firsts”*; looks at her TV appearances and official trips; details her main health, social, and education projects; and presents her as the glamorous, fashionable First Hostess at State Dinners and other events. Fans of Michelle will treasure this keepsake of a trendsetting, socially conscious, and powerful First Lady.

Antonia Felix has written biographies of Laura Bush, Condoleezza Rice, and Sonia Sotomayor, among other books.

Michelle Obama..... A woman of grace and dignity that served our nation well. This collection is a wonderful historic depiction of our First Lady and what she meant to so many. A keepsake to pass along to future generations.

This is a beautiful book about a beautiful lady. You will see a lady who endured terrible insults, and

yet managed to conduct herself with dignity and honor. Whether you are a democrat (which I am not) or a republican (which I used to be), you should be able to enjoy this visual journey of a fascinating time in American history. This book is full of pictures, some of which you will have seen many times, and some rare moments that you may have never seen. In her own words, "Being your first lady has been the greatest honor of my life, and I hope I've made you proud." You did Mrs. Obama, and we will always be grateful for what you have done.

This is a wonderful table top book! Everyone that comes to my house pick it up to look at the great photos from her life in the White House. This book will make a great birthday gift.

I loved the photos! Each photo was beautifully illustrated and reflected how elegant and thoughtful Michelle Obama was as our First Lady. This book is a keeper that will be shared with the rest of the my family and future generations as well.
