Delta's Key To The TOEFL iBT: Advanced Skill Practice; Revised Edition With Mp3 CD

Synopsis

Delta's Key to the TOEFL iBT: Advanced Skill Practice is a revised and updated edition of Delta's Key to the Next Generation TOEFL Test. Since the introduction of the TOEFL iBT in 2005, there have been significant changes to some of the test questions, particularly the integrated writing and integrated speaking tasks. The new 2011 edition of Delta's Key reflects these changes with the addition of many new practice questions and updated strategies. All of the content in our new edition meets the current specifications of the Internet based TOEFL iBT. We have listened to the concerns of our users, and the new edition of Delta's Key incorporates feedback from students and instructors. Now, for the first time, we include the companion audio in mp3 format on a single CD with the book. This means the full nine hours of audio can be played on a variety of media players. The audio does not have to be purchased separately. Delta's Key to the TOEFL iBT: Advanced Skill Practice is a comprehensive test preparation course for advanced and high intermediate learners of English who are studying for the Test of English as a Foreign Language. The course format works very well in the classroom and for independent study. Ample practice builds the skills and confidence that are keys to success in an English speaking environment. Features 35 units of study in reading, listening, speaking, and writing Four full length tests in TOEFL iBT format 1,200 questions in the units, quizzes, and tests Answer key, audio script, and score charts Abundant skill practice for 15 weeks of study Nine hours of audio in mp3 format included with the book

Customer Reviews

I teach English and TOEFL preparation in Peru, South America. I was looking for a book that would aid me in preparing my students for all parts of the TOEFL exam. I liked the style in which Delta's TOEFL iBT was written in a language that was not too difficult for a non-native English speaker to understand. The layout of the book, with its explanations of the various topics and subtopics, with many supporting examples and illustrations was just what I needed to be able to break down the various components of the TOEFL questions they might encounter. I highly recommend this book to anyone who is studying for the TOEFL or working with students who are.

Detailed information for the TOEFL student, with plenty of examples and practice tests.

helpful

Useful book.

The book is very helpful for those who want to pass TOEFL. Wide variety of vocabulary and clear explanation of keys to pass exam successfully.

I got what I was looking for, am gonna be in university in three months to come and since am an International student am supposed to sit for TOEFL before being enrolled, so this is the reason I bought this book. To all those who have to sit on this exam before enrolled this is one of the best TOEFL books I can refer to. I like the book and the CD packed together.

It is pretty good, and it teaches a lot of skills for TOEFL. It has both practice questions and quiz problems. Also, it has a CD which you can listen to.

Love it so much! The CD works perfectly and the book in good condition and arrived on time!
