Strictly Strings, Bk 2: Violin

Synopsis

An easy-to-teach, straight forward string method from three renowned pedagogues. A unique letter-note style of music notation is utilized which ensures a smooth transition from rote to note reading. Students are quickly introduced to ensemble playing and play a wide variety of fun-to play melodies, keys and modes. Strictly Strings features a carefully prepared lesson sequence which develops all players' abilities equally.

Customer Reviews

Excellent! Good educational material for this self starter!

It is a great book for training. The method is systematic.

I am a music teacher and bought this for a student. This is an excellent series of books for beginning violinists who are not familiar with music notation, and want to learn about reading music notation at the same time as starting violin. As a violin teacher I can say this book has always worked well for my students.

Good book. What else I need to say

Thank you so much for this book. My son has been waiting for it. It did take rather long in the mail, but i think that is my PO problem! Thank you again - no more photo copies lying around!

I suggest that anyone trying to learn how to play violin should get this book! I found it very helpful and it was easy to get through.
