Spelling Workout E - Teacher's Edition Modern Curriculum Press MCP

I bought this series, not realizing that the list words only appear on one page and in cursive. Since we don't teach cursive in public schools anymore, I have to really supplement heavily for my students.

Excellent condition

We homeschooled two years ago and were given a recommendation for using Spelling Workout. We tried and liked it for a traditional spelling curriculum. It practices spelling rules and we like the idea of using a spelling locker for missed words. We are now using it as a supplement in the evenings as we are in public school.
