Witch You Well: The Westwick Witches

Synopsis

Dead billionaires are not good for business! That's what Aunt Pearl complains to Cen when the dead body is found in the cozy family inn at Westwick Corners. Still, it's not Cen's problem. She lives an ordinary life away from her witch-ful family for a reason. She got her ordinary fiancée, and her ordinary job as a journalist - using no magic whatsoever, and no inconvenient local murder is going to change her comfortable existence. Even if the entire town is now accusing Aunt Pearl of murdering her guest. Even if her fiancée is acting weird and talking about seeing ghosts. Even if the town's sexy new sheriff, Tyler Gates, treats her like the most hexing of all the witches. If you love funny cozy mysteries infused with a dose of humor and the supernatural, you'll love this paranormal witch cozy! *Witch You Well* is the first audiobook in the *Westwick Witches Cozy Mysteries* series by Colleen Cross. From the author: Westwick Corners isn't your typical small town. Or even a normal ghost town. It's where people go not to be found, and witches go to work their magic without attracting too much attention. The combination makes for some interesting and humorous mysteries, and the witches are always at the center of the action! Ruby's cooking, Cendrine's amateur sleuth and investigator activities, and Aunt Pearl's magic school are always looking for that one secret ingredient that will propel the witches to fame and fortune, and put the small town of Westwick Corners back on the map again. The witches are forever cooking up new business opportunities while they unravel riddles, spin magic spells, and create their own witch mysteries.

A good start to a new witchy cozy series. A witch who wants to get by as a powerless human, a

family owned Inn, an overbearing aunt, a weak mother and a body. Who wanted to kill him? Some good banter and great descriptive writing but I just wish that Cen would assert herself a bit more. Altogether a good solid read.

I really enjoyed this book...since I've gotten older, I only read cozy mysteries. They don't keep me awake or give my nightmares! It felt a little slow to start, but that was probably to draw the background for the characters. I did really like the murder mystery, the witches banter is fun but a bit repetitive, and very creative development of the ending. Look forward to learn what trouble they all get into in book 2!!!

Loved it! An aunt that would drive you batty. A murder. A fiancé that is willing to walk all over Cin and her family to get his way. A newly remodeled inn that is host to unscrupulous outsiders. A brother that's a dog. A new sheriff in town. And magic. What could go wrong on grand opening weekend? Everything! Set back, get comfortable, enjoy the ride. Can't wait for the next book in this series.

Witch You Well takes you on a fun adventure in a small town where a family of witches -- troublesome and otherwise -- join forces to solve a murder. With magic and mayhem at every turn, this humorous tale is infused with a concoction of dark secrets, a mysterious vortex, and a cast of eccentric characters. An enjoyable read for cozy mystery lovers!

This mystery is an enjoyable journey in the life of a non-witchy witch. Delightful characters and imaginative plot. Good read
