Customer Reviews

I received this book for free for an honest review and an honest review I shall give. When I received the book I was very excited to read it, I needed some inspiration in my life and new literature was surely what I was after. However what I discovered in the book sadly was not that. The book claimed that it was for Men, but surely I feel it was more for young teens and boys. The graphics and writing style was for a younger crowd and not for an adult. The images were nice but too cartoon at times for adults, they lacked captions. The stories were written nicely but failed proofreading and the writing had errors. Even though the title was misleading and surely did not match the content within. It was an okay book for younger minds eager to find some form of enlightenment. Thank you for

There are so many great values and morals implied in the stories shared in this book. There are 52 pages in this book. I would place the reading level of this book around a fifth or sixth grade level. The images also do a great job at supplementing the content of the book. Overall, I was definitely satisfied after reading this and it helped spark different conversations with my son. I would recommend this book. I received this product for free or at a discounted rate in exchange for product testing and review. I am under no obligation to provide a positive review and received no incentives or rewards for doing so. My aim is to highlight features and drawbacks that I would want to know about as a buyer, not hype the product for the manufacturer to increase sales. My remarks are sincere and true. So, Bible Stories FOR Men. I guess if the title says FOR men, the book may be a little on the childish side. The stories, of course, are great as are any stories from the Bible. This one has artwork and even text that seems to be geared more toward younger men. Not even men really. More like the 10 to 12, maybe 13 range. These are great stories if you don't know them. Cain and Abel, Daniel and the Lion's Den, and Nebuchanezzar. And with all the great stories in the bible about great men, there are only three in this book. It is nice because you can read it all in one sitting, but I would have to say the book is geared more toward a younger audience. I received a

This book is helpful in many ways. In my experience, men don't like to think they "need" anyone or anything. It's a bit juvenile for me, but as I read, I paraphrased on telling the stories, so it sounded much more mature. This book is full of stories about men who followed God and wouldn't have made it without His help. It's a very encouraging book, and I read it with my husband, who asked question after question, so it served its purpose and that's GREAT! I received this product for free or at a discount for my honest and unbiased opinion based on my own personal experience with this product. The cost in no way has any bearing whatsoever on the reviews that I write. As I rely heavily on reviews and write mine to help other consumers make an informed decision before making a purchase, I want my reviews to be taken seriously, and make it obvious that I do not give a good review just because I didn't pay full price for a product or item. Thank you for reading my review.
