Fullmetal Alchemist, Vol. 4-6 (Fullmetal Alchemist 3-in-1)

Synopsis

Breaking the laws of nature is a serious crime! Reads R to L (Japanese Style), for audience T. Containing volumes 4, 5 and 6 of Fullmetal Alchemist! Trapped and injured in a secret alchemical laboratory, Edward Elric is at the mercy of his enemies, Lust and Envy. But they don't want him dead...they have other plans for him. As the laboratory goes up in flames, the brothers find themselves back at square one, with only an inkling of the massive scale of the Philosopher's Stone conspiracy. But then, Lieutenant Colonel Maes Hughes uncovers a shocking secret...

Customer Reviews

Born in Hokkaido (northern Japan), Hiromu Arakawa first attracted national attention in 1999 with her award-winning manga Stray Dog. Her series Fullmetal Alchemist debuted in 2001 in Square Enix's monthly manga anthology Shonen Gangan.

Purchased this for my daughter (lovely child with Asperger's (I know in some circles has been lumped in the "Autism Spectrum" but my daughter much prefers to be a "Aspie"). Oh yes the review you ask? ..My daughter loves the series and much prefers the 3 in 1 volumes such as this one. the Fullmetal Alchemist is one of her favorite Manga series and is quite happy with the book and it's story line. I would strongly recommend the book and the entire series as it is one of the better Manga series out there! HAPOh yes to those unenlightened it is Manga not mangia as in eating

pasta (sorry to be politically incorrect)

This series continues to get better. I'm a manga fan, but I like progress in a story. I often find that series will fill space between quality narrative with fluff pieces, which as a purchaser drives me crazy. Fullmetal is the wonderful exception to the rule so far. Starting in volume 2 and continuing at least through this work (I can't testify to the later volumes) the story is well paced and grows in intrigue without slipping into lazy writing or framing, which can also be a failure in the genre. I'd put this alongside Attack on Titan in terms of quality, though the art is superior. Also the quality of the book itself was solid. Thin pages, but what else do you expect for 600 page manga?

So engrossing and the characters are so well-done. I cried my eyes out at the various situations Ed, Al, and their friends found themselves in.

I absolutely LOVE this series. I also love that you can buy three books in one which is really helpful if your tight on cash like me and other college students. This is definitely on the top of my must read list. If your thinking about starting this series . . . DO! Just don't read it when you need to get other things done because trust me, you'll spend more time reading than getting anything else done.

Absolutely amazing series. Even after watching both anime versions.

Came in the same box in perfect condition! I bought this because it was cheaper for 3 combined than getting them individually. The content was different than what was enjoyed from the show. I was very pleased with this.

Got this for our daughter. She loved it.

Brought this along with the 3 in one volume 1, 2, 3 volume and they came together! Was a great value, its cheaper than buying each manga individually! Would purchase this again :)
