This book is tiny, think post card size. These are not reusable stickers like the kind you see in the melissa and doug reusable sticker books which are more vinyl type of stickers. The stickers in here are pretty much paper stickers with adhesive backs that are thin and not really reusable, in fact my son ripped most of them trying to take off the page.

To sell this sort of item is horrible. It really looks worse than a happy meal toy. It's worth less than a \$1- not worth even shipping.

The book is tiny and nice for throwing in a kids bag or purse. I wish it was with reusable stickers since it only comes with two small sheets. My daughter loved it for the plane ride and we use the booklet cover with play doh once the stickers are gone. For the price I felt it could have had a few more stickers.

My girls love cupcakes and stickers, so this was a no brainer. It was smaller in size and shorter in content than I expected. It's okay. Probably be great on a trip or to keep in your bag to avoid a meltdown when out in public, but it didn't keep my twins attention at home.

I got it for my three year old but I am 33 and enjoyed it more. You can't beat the price either and it was delivered quickly.

Super small but great for travel, a mommy bag, or airplane activity. There are 3 pages of stickers and only one page to decorate. Simple, easy, fast entertainment.

Long drive with the kids? Try this little Activity Book.

This is a very tiny book with just a few pages. Disappointed...
