## Customer Reviews

I have been procrastinating writing this review for a while, because I've just been so emotional about the end of Kyler and Faye's story. Sure I know they are going to show up throughout the Kennedy Boys Series here and there, but Kyler is my favorite Kennedy boy. Ky won my heart. I loved Ky and Faye's relationship. This just goes to show how well Siobhan Davis writes her characters, she writes awesome characters. I had a really hard time letting go of the characters at the end of her Seven Series. AND THIS ISN'T EVEN THE END OF A SERIES!!! lol...I've been moping around , not wanting to read anything else. Don't laugh at my pain! lol Anyway...my review...."My entire world starts and ends with him. When he isn't with me, he's all I think about to the point of obsession." Faye (Keeping Kyler) Book three picks up right where book two left off (I love how Siobhan Davis does this), but I'm not going to say how it picks up or what's going on, because I don't want to spoil it for those who have not read book two. Although, I have to say "What are you waiting for?"!!! Especially if you've read book one, you need to read book two!!! OMG...I'm rambling...I just really love this series and highly recommend it!!!! As you can tell by the synopsis, Kyler has taken off, by himself, to track down his mom's ex and demand answers. He has left Faye behind with just a note, no goodbye, no talking about it...just left her a note and disappeared. But Faye understands what it's like to have your world turned upside down and the rug pulled out from under your feet, so she wants to be there for Ky. That's the beauty of their relationship, they really do get each other and they put each other's needs first. Now, anyway, it was a rocky start...but they have grown. So she's there for Kyler, with all he's going through, even when his ex tries to shake things up. Things get pretty crazy, pretty suspenseful and it will keep you guessing."That's what you do when you're in love. Nothing else matters but you, Faye." He rubs his thumbs under my eyes, smoothing the moisture away. "Not now. Not Ever." Kyler (Keeping Kyler) I have to say, although I'm sad Kyler and Faye's story has come to a close, I am really looking forward to Kalvin's story in Loving Kalvin. He is so sweet and I want to see him have the happy ending he deserves, after all he's been through.\*I read an advanced copy of this book, but my opinions are my own\*

First off, let me say that I typically don't read NA novels. I find them a little unrealistic and

over the top. That being said I read this series because I am a HUGE Siobhan Davis fan. Even though I read her books as part of ARC team, I also choose to buy the books once they are released because I love writing so much. I initially struggled with the concepts of this series. Cousins/sibling love turns me off and normally I would have stopped reading. I am very glad that I stuck with this series. The Kennedy family is definitely outside of the norm. There is a crisis at every turn, most due to their own making!!!! Just when one issue is resolved, another appears. Unfortunately, Faye is the unwitting victim throughout. All of the issues and inconsistencies in the first two books are resolved in the third book. Siobhan did an EXCELLENT job planning the story to the conclusion. Many times during the first two books I said, "this doesn't make sense." Siobhan was leaving us early clues to the conclusion. When I finished the last page I said "WOW!!! I'm glad to see that Siobhan isn't going to abandon this work and is going to continue the series. I am REALLY looking forward to Brad's story. I want him to have his HEA. As for the rest of the Kennedy brothers, their time will come. Some of them need some SERIOUS maturity (Kent!) and hopefully some years will pass before we see them again.

voluntary received an ARC copy of this book and did not in anyway influence my review. This series will have you hooked to it from start to finish... Siobhan has produced a winner for a series for me! Where to even start... I loved book one and two but book 3 is my favorite so far, Faye and Kyler are so good for each other, they balance each others emotional and physical stress and needs, this book we understand kyler a lot more and why he is the way he is. Its not smooth sailing for them again in this book, but they become each others rock. Faye does what she can to protect and help Kyler even though he didn't need it. I'm on the fence about brad in this book, because he was hurting i cut him the slack, but i hope that he grows a little more in books to come. Cannot wait for Loving Kelvin - he deserves his story!!! Check out her other series if you enjoyed this series so far.

I Love, love, love this series.... I can not wait for the next ..
