Sweet Melissa: What's So Sweet About Melissa? (Book Two 2)

Synopsis

HEROIN ADDICTION, THE LIFESTYLE, THE RECOVERY Like the saying goes, what goes up, must come down. I just wish it did not have to apply to my life all the time. I have always tried to be optimistic, but who was I trying to kid? My life was destined to be one disaster after another, and until I finally made the decision to change my lifestyle in every single way, things would never be any different. In the meantime, my life continued to revolve around a circle of ups and downs, existing mainly of downs. How could I have been so oblivious to my situation? Why didn't I have the strength to just stop, take a good look at my life, and realize what was causing such havoc? I was a prisoner of heroin by my own choice. I was locked up, both mentally, and physically. I often wondered if there was a key somewhere out there, that one day, would be turned to set me free. I just had not realized yet, that I was the holder of that key. In Book Two of the Sweet Melissa memoir series, you will continue on the journey of the author's descent. Her addiction to heroin has stripped her soul, and taken control over her every move. With her senses and emotions dulled, she falls deeper into a hole of which she believes she will never escape from. This is a memoir that takes you rock bottom. Book Two begins where Book One left off, with the author sitting in a holding tank after being sentenced to prison for the first time. Follow the story of a life-long addict and her eventual recovery.

Customer Reviews

This is a must read for anyone going through or knows someone going through an addiction. Thank you Susan Segovia-Munoz for writing this very well written series. I will be waiting to read what Melissa has in store for in your next book.

So I was hooked after book 1 of this series and couldn't imagine book 2 can be better but it was! What a life Susan has had! I am so glad she came out in one piece and was able to put out this series. I highly recommend this series. It is a fast and compelling read.

Great book I read book one and I had to continue the series it is great and keeps you hooked I read the book in one sitting which is very unusual for me the content kept my interest and I am waiting for book 3 to arrive best series on addiction I have ever read

What can I say about this book except that I LOVED it just as much as the 1st book!! I finished it in one sitting.. now on to the 3rd book

Melissa tries methadone treatment but can't stay away from heroin for long. She does hold down a regular job for awhile. She sponges off her relatives, she tries rehab, she marries, she falls in love with another junky. They support their habit by stealing stuff. They get caught. She goes to jail and later prison. She struggles thru detoxing there. She starts doing heroin again in prison and is caught. Two years added sentence. What next?.

It seems she never learns. Now she has her parents help and support. She messes up again. Is it because she wants to be friends with druggies. Or just wants to get high. I was saying while I'm reading "stop it girl." Now she has to wake up and think what she wants to happen to her. She's hurting a lot of people cuz she wants to get high.

Awesome story For anyone fighting addiction, this is a must read. You can relate to her

madnessLots of life lessons, and pure reality.
