Release The Dogs Of War (The Kurtherian Gambit Book 10)

Synopsis

Stephen walked into the office which Barnabas was using as his judge's chamber. While the massive amount of data Bethany Anne's team was throwing at him was more than enough to assuage his curiosity, he had never felt this way in the last one hundred and fifty-two years. He wanted a vacation. He pulled the top manila-folder and took a look at the name, "Clarissa Bernier, CEO." He opened the folder, and it was now in the agreed upon fashion. There was one page with her typical information of name, age, location, and a two paragraph background and the requested punishment. It was a type of joke now between Barnabas and Bethany Anne. No matter the requested punishment, she would strike it out and write "DEATH" and put a happy face on, with fangs. It let him know that she was not letting up on her desire to make a lot of people pay for Michael's death. The team had already executed six individuals across the world in the last three months. Sean Truitt was just the first one. Stephen interrupted him, "You look tired," he spoke as he took a seat in one of the two blue chairs facing Barnabas's desk. Barnabas leaned back, keeping the folder open, "Is she serious?" He pointed to the document, "Even ADAM, using our agreed punishment matrix is calling for this lady to be punished financially." He closed the folder, "She walks the line towards Michael all the time, brother..." To be continued ...**Please note, as mentioned in a review, there is flagrantly foul language in these novels. The main character does not have a problem with cussing, just uninspired cussing.

Series includes: Death Becomes Her - The Kurtherian Gambit 01 Queen Bitch - The Kurtherian Gambit 02 Love Lost - The Kurtherian Gambit 03 Bite This - The Kurtherian Gambit 04 Never Forsaken - The Kurtherian Gambit 05 Under My Heel - The Kurtherian Gambit 06 Kneel or Die - The Kurtherian Gambit 07 We Will Build - The Kurtherian Gambit 08 It's Hell To Choose - The Kurtherian Gambit 09 Release The Dogs of War - The Kurtherian Gambit 10 Short Stories Tied in to the Main Series include: You Don't Mess with John's Cousin - Frank Kurns Stories of the UnknownWorld 01 Bitch's Night Out - Frank Kurns Stories of the UnknownWorld 02

Customer Reviews

Ah! Book #10 - - it was really hard waiting for this installment. I admit to biting my nails and checking on multiple times until it was finally posted. I couldn't wait to get off work so I could rush home and READ. The story was great and had new twists and new developments for the future! A good installment in the story line. I recommend this series to everyone I know. Want great entertainment? Start reading Book #1 and keep going..Now I just have to wait for the end of July

Hats off to Michael and team. This is becoming a great series of interlinked and related stories. Can't read the next one yet as I have to work in 5 hours. You are filling out the characters and making them more realistic as each story goes. I appreciate the way you introduce new situations with the other storyline. Keeps you on your toes. Being a technical writer and married to a schoolteacher, the only criticisms I have is about some grammatical errors and sometimes seeing a partial sentence released twice. But these are minor issues and not related to the overall enjoyment of reading about Bethany Ann and her "bitches". Keep up the good work. Can't wait for the next iteration.

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the

Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books.

OMG - I love this series!!! Fast paced and fun with a great story line and real, down to earth characters. I absofuckinglutely love the over the top, inventive cursing. I keep waking my husband up because I'm laughing so hard while reading in bed! Growing up in the military, us kids used to collect curse words. The 1st thing we asked any new kid in the neighborhood was " what languages can you cuss in?" My brother grew up to be a linguist in the A.F. and can now cuss in 13 - 14 languages fluently. I'm still jealous.back to the review - I found the 1st book for free on Kindle on Sunday, finished it in just a couple hours (I read very fast) and immediately bought the next 10 books. It's Weds morning and I'm starting on book 8 so I came back to get the rest of the series before I get stuck somewhere with no internet connection and I'm out of books to read :) Keep up the good work Michael - this series is on my "keep to read again" list and you're my newest favorite author (& I copy/pasted this review to all the books I've read so far) thanks for the wild ride - Karen

This book in the series really starts moving things into Bethany Ann's main mission. She's working with the U.S. President, the bad guy aliens have put in an appearance, and she is on the verge of having a fully operational space battle ship. As if that isn't enough, the ladies are match making, Barnabas and Tabitha step up into new kick ass roles, and even the Illuminati are in for some just deserts.I don't think I'll ever cease to be amazed at the way Michael Anderle manages to take a whole lot of little pieces and weave them throughout a story until everything comes together and leaves you with a big picture that just makes sense. I was a little lost in the technical descriptions, but then realized it's because they are realistically accurate, and just happen to be more than a bit beyond what my head can easily wrap around. That's got to be pure joy for the science and tech wonks. I like that he doesn't dumb things down in order to go easy on some of us.

Hmmmmm, a review after reading 10 books in the series. First, I'd like to say that I'm an "old guy" from 1946, who has been reading SF since his pre-teens, hiding under the covers with a flashlight and listening for the sound of footsteps and door handles turning, so I could drop everything and do

the "face of sleeping innocence," until the interruption went away and I could get back to "business." Second, I am NOT a particular fan of Vampire fiction, even though I've been "snagged" a few times, so I bought the first "bundle" of the series, but postponed reading for some months! Third, I have now become series addict (and I teach in the Addiction Science Specialties area of a university in Korea). I

Bethany Anne adds a new group to her kickass followers. She already has the Queen's Own, the Queen's Guardians, and the Queen's Elite, now she has a new force for justice. And wait until you see who is in it! And what is going on with the women? What was said in the top-secret females-only meeting? There is less bloody action than I expected from the build-up in the previous book, but the point is made that this is due to BA coming into her own in her new role. Her followers deserve a just leader, not the bloodthirsty avenger she longs to be. That doesn't mean that the ones responsible for Michael's death get away with it. I greatly enjoy this book and series. The books are a little short, but arrive quickly. Recommended.

Raced through the story, cause how can you not? It was good, but not the emotional rollercoaster of #9. I see the need for exposition to show how you get from A to B, but I think the emotions from Bitches Night Out was needed in this book to push into the tenor I expect from these stories. Keeping the momentum and emotional tone going throughout the series has got to be hard so I appreciate the craftsmanship that Anderle puts into each book. Looking forward to the next installment.
