Customer Reviews

“A puzzling global phenomenon” • “The Economist” “The biggest craze to hit The Times since the first crossword puzzle was published in 1935.” • “The Times of London” “England’s most addictive newspaper puzzle.” • “New York magazine” “The latest craze in games” • “BBC News” “Sudoku is dangerous stuff. Forget work and family” “think papers hurled across the room and industrial-sized blobs of correction fluid. I love it!” • “The Times of London” “Sudokus are to the first decade of the 21st century what Rubik’s Cube was to the 1970s.” • “The Daily Telegraph” “Britain has a new addiction. Hunched over newspapers on crowded subway trains, sneaking secret peeks in the office, a puzzle-crazy nation is trying to slot numbers into small checkerboard grids.” • “Associated Press” “Forget crosswords.” • “The Christian Science Monitor

So, do you sudoku? Sudoku has taken America by storm! Dive into the puzzling craze with this gigantic collection of easy puzzles. Solve one in a spare moment, or take the whole book on a long trip – with sudoku along, you're sure to have fun! Features: 300 captivating, easy sudoku Edited by legendary New York Times crossword editor Will Shortz Big grids with lots of space for easy solving

This book is too big. Bigger than necessary. Keeping the puzzles exactly the same size (which is a nice size), the book could have been 3" shorter as there is a lot of blank space at the top and bottom of each puzzle. The paper is a newsprint kind of paper which is yucky to write on with a pencil and the numbers bleed through from the other side of the page, including your own writing. I should really give it fewer than 3 stars because of the cumbersome size and the poor quality of the paper. However, I do like the puzzles. It says "easy" but these are not super simple. Do not buy this book if you are looking for really really easy puzzles. You will be disappointed from the very first puzzle if you do. I like easy but not brainless... I like a bit of a challenge. These are perfect for me (as long as they don't get any harder... I've done about 6 so far)

I have been enjoying working all of these sudoku puzzles. The puzzles are easy and you can get cross-eyed if you work these too long. I was in the hospital for a while and I worked these puzzles to forget the misery of being in a hospital. It at least made the time go by. There are 300 puzzles and I do not work them in order. I skip around. I even cheat upon occasion. All is fair when one is in the misery of a hospital. A luxury cruise liner it is not. I am still working these because there are a lot of them! I am still enjoying them.

As advertised. Large font which makes it easier on the eyes. Easier puzzles but not 1,2,3 easy. Will order again.

these are not easy puzzles. guesswork required. then, starting on page 271, they switch to "moderate". i.e. nearly impossible. I guess I should have known better with Will Shortz' name - see similar comments regarding his "easy" crossword puzzles.

Lots of fun and lots of good puzzles

They are not so easy after all.. My 76 year old mother likes them easy and these are harder than

her last book.

I love sudoku puzzles. You know, the EASY ones that I can actually complete all by myself without flipping to the back of the book and cheating to complete them. It's not just a good time waster when you're bored, but it's good for your brain. I read that doing sudoku puzzles may help you prevent having Alzheimer's down the road, so why not? A time killer. A possible mental disease preventer. What's not to like?

Got this book for my husband who is at the beginner level. He has been able to solve most of the puzzles so far, but has been beaten by a few. I was glad to see this book with mostly easy puzzles since the majority of books I have seen in stores have had easy, moderate and difficult levels all in one. It's a good size for travel or taking to appointments to kill waiting time.
