We are a group of illustrators that came together to create and publish beautiful and original coloring books for adults. We want to give unique experience to people around the world and provide long hours of relaxing joy. Happy coloring! --This text refers to an alternate Paperback edition.

Halloween is my all time favorite holiday-since forever! I love everything about the day and month leading up to it. We generally begin decorating our house and yard at the end of September and leave everything up until the first weekend of November. As kids, we began planning our costumes for the next Halloween as soon as we got back from Trick or Treating (while sorting through our loot!). This book doesn't take me BACK to my childhood because my love of Halloween has never stopped. The coloring book enhances my love of everything Halloween. I love every drawing and because I bought the Kindle version, I was able to download a PDF copy and can print off my most favorite pages to color (which is difficult to choose) as well as share with my nephews, adult children and friends. In fact, some of my friends come over and we have Coloring Book night! These pages are masterfully drawn and with the use of my trust Gel Pens and colored Pencils, bring each page to life. It seems that the more I color, I build more confidence and have begun to trust my judgement with colors and shading. This is FUN!! AND the pictures look GOOD!! Thank you for offering these book-Coloring is NOT just for kids any more.. They really do HELP with managing stress.

Great Halloween themed drawings to color for fun or to relieve the stress of everyday life. I really enjoy coloring these whether they are simple or complex, creepy or funny. They are well drawn as are all of the drawings by this artist/author.

So excited to start coloring this book! 50 one sided pages. Filled with lots of castles, haunted

houses, cemeteries, witches, spiders and spider webs, witches and miscellaneous ghouls. Very festive. Variety of difficulty levels, some pictures are more detailed. Definitely something for everyone! Happy Halloween!f

ColoringCraze has created another great book for the whole family to share. All skill levels are here, from beginner to expert. Many styles of pics also. Funny for the kids, frightful for adults. No stock pics here!! So gather around the table & color!!

I always wanted a theme for Halloween and now I got it. There are fun designs for all ages and thought about using some of them for decoration. I truly think people will enjoy this book.

As a senior with hand strength issues, this was a fun book to color. Lots of pumpkins, bats & witches and grave yards at all skill mixes.

I bought this coloring book and spent almost the whole month of Oct coloring it. I love it! one of the few books I have that I have actually almost colored all the pages in. I would definitely recommend it.

bought for a friend, her jaw dropped :)
