Sports And The Law, Examining The Legal Evolution Of America's Three "Major Leagues" (Coursebook)

Synopsis

Sports and the Law: Examining the Legal Evolution of America's Three "Major Leagues", 3rd Edition, represents the most up-to-date legal analysis of a wide variety of cutting-edge sports law issues that have impacted the "Three Major Leagues" since the last edition was published. In particular, each chapter's updates, which are linked to an Appendix containing companion study guides, comprehensively analyze the most significant sports law developments over the past several years. Beginning with an analysis of Commissioner's Authority and the Major Leagues' collective bargaining agreements, the book tracks the major changes to the NFL's Personal Conduct Policy and the recently negotiated CBAs in the NBA and MLB. In so doing, the book and study guides take a deep dive into the landmark cases that exemplify the Leagues' disciplinary and dispute resolution processes in action, such as Deflategate, domestic violence suspensions in the NFL and MLB, players' and teams' usage of social media, NFL uniform and equipment rules, and the Cardinals-Astros hacking scandal. Next, the text analyzes how the historic baseball antitrust exemption, which was first established by the Supreme Court in 1922 (and upheld in 1972 in *Flood v. Kuhn*), has been applied most recently with updated applications of the exemption through an analysis of the following cases: *San Jose/Oakland Athletics* (MLB franchise relocation), *Miranda* (minor league baseball players), *Garber* (territorial broadcast rights) and *Wyckoff* (MLB scouts), among others. An overview of general antitrust law (including the statutory and nonstatutory labor exemptions) in the context of the NFL and NBA is included in a newly formatted chapter. The legal evolution of age eligibility restrictions and professional drafts are explored in that same context, with related study guides. The new edition next traces the development of the Leagues' various regimens for monetizing the available inventories of intellectual property rights, including updates to the Leagues' (and players') licensing and "publicity rights" rules, highlighting the NBA's recent decision to allow for advertising on team jerseys. A new chapter then importantly deals with the evolving subjects of Concussion and Painkiller-related Litigation in the NFL, along with other challenges to the Major Leagues' Drug Testing rules, including the BioGenesis saga and the NFL's revised drug policy. The final chapter covers recent developments in the application of the Three Leagues' franchise relocation rules, with an in-depth look at the recent relocations of the Rams, Chargers and (perhaps) the Oakland Raiders, among others.

Book Information

Series: Coursebook

Paperback: 447 pages

Publisher: West Academic Publishing; 3 edition (July 25, 2017)

Language: English

ISBN-10: 1683288211

Customer Reviews

Professor Carfagna provides deep insight into sports law. I find my self thinking about possibly venturing into agency work. Great book

Either as a standalone or with his book Representing the Professional Athlete Peter Carfagna gives you a front row seat on this subject!
