## Customer Reviews

Anna and Nathan Bond have had lots of exposure on blogs and craft media (magazines, etc).

These notebooks are great! They are beautiful and so well made. With 3 different cover designs, the cover material is somewhat textured and the "Notebook" font on the front is lightly embossed printed in gold ink. The inside cover is also printed in gold ink with a lovely pattern. On the inside it has lined pages with gold print. These are almost too beautiful to write in! They would make great gifts!

For some reason I thought these were stickers, but to my surprise they're a lovely collection of three botanical cover notebooks instead! Win win, honestly. Lovely feel, very smooth and elegant quality. Would definitely purchase again.

These are beautiful notebooks! Securely bound and are made up of smooth, high quality pages. The covers are linen textured and flexible but sturdy.

These books are so pretty and a great quality. I got one for everyone in my bible study. I'm falling in love with Rifle Paper Co.

Very beautiful, high-quality notebooks with textured covers. They are pretty thin, so keep that in mind when purchasing. I converted one of mine to a weekly planner by drawing in lines and adding dates.

I bought these on a whim and I love them. They are so pretty! I started the first one as a diary and I write in it all the time. The paper is good quality and it tears out nicely, which is convenient. Love them!!

Totally adorable little books. Love them!!

Bought these for a birthday gift for someone who loves Rifle Paper. Was well received!
